Kováč z Podlesia / The Blacksmith from Woodham

CZ, SK ▶ 2013 ▶ DCP ▶ far. / col. ▶ 100 min. ▶ rodinný rozprávkový príbeh / family film, fairy tale

SYNOPSIS ▶ Podlesie je malá dedinka, do ktorej sa pred rokmi prihnala vojna s Turkom. Dobré lesné víly boli, v dobrej viere, požiadane o pomoc, ktorá však spočívala vo vykonaní zla niekomu... čo sa, už z princípu, vypomstilo a dedine to neprineslo štastie, ale naopak kliatbu... a to je treba napraviť.

Témou rozprávky je boj dobra so zlom. So zlom spôsobeným v dobrej viere konaním kladných hrdinov nemožno bojovať hrubou silou, ale naopak – rozumom, srdcom a odvahou... Nad takýmto zlom možno zvíťaziť najlepšie tak, že ho obrátime na stranu dobra.

SYNOPSIS ▶ Woodham is a small village, swept by a war with the Turks some years ago. The powers of good were asked for assistance, in good faith, but unfortunately this help meant doing evil and this brought misfortune on the village ... And now it is time to set things right. The theme of the fairy tale is the battle between good and evil. The evil caused in good faith by the actions of positive heroes cannot be defeated by brute force but only by reason, heart and courage. The best way to combat evil is to turn it around.
