1. INTRODUCTION

Legal Basis

The current Call for Proposals and attached Guidelines (hereafter: "Call for Proposals") are based on Decision No 1718/2006/EC of the European Parliament and of the Council of 15 November 2006 concerning the implementation of a programme of support for the European audiovisual sector (MEDIA 2007).¹

The total budget for the MEDIA Programme 2007-2013 amounts to EUR 754,95 million.

The European Commission is responsible for the implementation of the MEDIA Programme and for the decision to grant individual European Union funds. The Education, Audiovisual and Culture Executive Agency hereafter "the Agency" manages the MEDIA Programme on behalf and under the control of the European Commission.

The MEDIA Programme Unit of the Education, Audiovisual and Culture Executive Agency is responsible for the implementation of this Call for Proposals.

This Call is aimed at European applicants whose activities contribute to the achievement of the objectives of the MEDIA Programme as described in the European Parliament and Council Decision No 1718/2006/EC.

These Guidelines explain how to submit a proposal with a view to obtaining a European Union financial contribution.

The implementation of this Call for Proposals is subject to the adoption of the European Union budget for the year 2011 by the budget authority.

2. OBJECTIVES & PRIORITIES

2.1. Global objectives of the MEDIA programme

The global objectives of the MEDIA 2007 programme are to:

- Preserve and enhance European cultural and linguistic diversity and its cinematographic and audiovisual heritage, guarantee its accessibility to the public and promote intercultural dialogue;
- Increase the circulation and viewership of European audiovisual works inside and outside the European Union, including through greater cooperation between players;
- Strengthen the competitiveness of the European audiovisual sector in the framework of an open and competitive European market favourable to employment, including by promoting links between audiovisual professionals.

¹ published in the Official Journal of the European Communities on the 24th of November 2006 (OJ L327, pp 12-29).

2.2. Specific objectives of the Development support

The current Call for Proposals has the specific objective of promoting, by providing financial support, the development of production projects intended for European and international markets presented by independent European production companies in the following categories: animation, creative documentary and drama.

2.3. Priorities of this Call for Proposals

Three types of support for development are available within the framework of this Call for Proposals: support for Single Projects, Slate Funding and Slate Funding 2nd Stage.

These guidelines concern Slate Funding. They are aimed at companies having previous international experience and the financial capacity that allows them to envisage the development of a slate of 3 to 6 projects over a period of two years.

3. TIMETABLE

The Call for Proposals 25/10 is open from the date of its publication in the Official Journal until 11/04/2011. It has two deadlines. Applicants may only make one submission for development support throughout the duration of this Call. They must choose to which of the two deadlines they apply.

To be registered for the 1st deadline, the application for support must be sent to the Agency between the date of the publication of the Call for Proposals and 29/11/10. The intention is to inform applicants of the outcome of the selection procedure of this 1st deadline no later than the month of April 2011.

To be registered for the 2nd deadline, the application for support must be sent to the Agency between 30/11/10 and 11/04/11, the date of closure of the Call for Proposals. The intention is to inform applicants of the outcome of the selection procedure of this 2nd deadline no later than the month of September 2011.

Please read carefully section 13.3. concerning the procedures for submitting applications.

A production company can only submit one application for development support (Single Project, Slate Funding or Slate Funding 2nd Stage) for the 2011 budget year. Furthermore, a company that has a Slate Funding or Slate Funding 2nd Stage contract running cannot apply for support for a Single Project or Slate Funding. It can only apply for Slate Funding 2nd Stage under certain conditions (see the Guidelines for Slate Funding 2nd stage).

The submitted projects may not have entered into production before the date of the Grant Decision or the date of signature by the last party, of the agreement between the beneficiary and the Agency. The estimated date of the Grant Decision or of the signature of the agreements is June 2011 for applications submitted under the 1st deadline and November 2011 for those applications submitted under the 2nd deadline.

The period of eligibility of costs will start from the date of the submission of the application and ends no later than 30/06/2013 for requests for support submitted within the 1st deadline and no later than 30/11/2013 for those requests submitted within the 2nd deadline. If a project enters into production before the aforementioned dates, the period of eligibility of costs ends for this project on the date it enters into production.

However, the acquisition of author rights is eligible retroactively for a period of 12 months preceding the date of submission of the application.

The maximum duration of the action is until 30/06/2013 for the applicants registered for the 1st deadline and until 30/11/2013 for the applicants registered for the 2nd deadline. However, if after the Grant Decision or signing of the agreement it becomes impossible for the beneficiary, for fully justified reasons beyond their control, to complete the action within the scheduled period, an extension to the eligibility period may be granted for a maximum of 6 additional months if requested at the latest one month before the closing date of the action.

With the exception of the acquisition of rights, all costs incurred before the date of the submission of the application will be considered ineligible.

4. AVAILABLE BUDGET

The total budget earmarked for the co-financing of actions under this Call for Proposals is estimated at EUR 17m, subject to the adoption of the European Union budget for the year 2011 by the budget authority.

Of this EUR 17m, the budget allocated to co-financing Slate Funding is estimated to be EUR 6m (EUR 3m for the 1st deadline and EUR 3m for the 2nd).

The budget allocated to co-financing Single Projects is EUR 7m and to co-financing Slate Funding 2nd Stage (see the specific Guidelines) is estimated to be EUR 4m.

Financial contributions from the Commission may not exceed 50 % of the total eligible costs.

The selection of an action does not signify agreement to the level of financial support requested. The final amount to be awarded will be determined within the available budgetary resources and in consideration of the nature and costs of the action.

Each grant will amount to between EUR 70,000 and EUR 190,000.

The recipient company must guarantee the remaining financing.

The European Union grant will be detailed in the Grant Decision or Agreement between the Agency and the beneficiary company both as a percentage of the development budget and as a total amount.

The Agency reserves the right not to distribute all the funds available.

5. ELIGIBILITY CRITERIA

Only applications which comply with the following criteria will be the subject of an in-depth evaluation.

The Agency reserves the right not to process proposals which lack the required documentation or information (documents listed in the application form) at the deadline. Even in the case of resubmission all the required documentation must be provided.

5.1 Eligible applicants

Independent European companies having as their main activity audiovisual production and which have been legally constituted for at least 36 months.

The present Call is open to independent European production companies that have been registered for at least 36 months at the date of submission.

A European production company is a company whose main object and activity is audiovisual production and which is registered in one of the Member States of the European Union or in one of the countries participating in the MEDIA 2007 Programme and which is owned and continues to be owned, whether directly or by majority shareholding, by nationals from these countries.

An independent production company is an audiovisual production company which does not have majority control by a television broadcaster, either in shareholding or commercial terms. Majority control is considered to occur when more than 25% of the share capital of a production company is held by a single broadcaster (50% when several broadcasters are involved) or when, over a three-year period, more than 90% of a production company's revenue is generated in co-operation with a single broadcaster.

The following are not eligible:

- Foundations, Institutes, Universities, associations and other legal bodies acting in the public interest;
- applications from groups of companies;
- private individuals.

5.1.1 Legal Entity

In order to demonstrate its existence as a legal entity, the applicant must provide the following documents:

- bank details form, duly completed and signed (the form relating to the financial identification of the applicant company according to the country in which it is established is available on the following website: http://ec.europa.eu/budget/execution/ftiers_en.htm)
- extract from the official gazette/trade register, and certificate of liability to VAT (if, as in certain countries, the trade register number and VAT number are identical, only one of these documents is required). The form relating to the legal structure of the applicant company according to the country in which it is established is available on the following website: http://ec.europa.eu/budget/execution/legal_entities_en.htm

5.1.2. Companies must provide evidence that they have experience in production and international distribution.

Companies established in France, Germany, Italy, Spain and United Kingdom: companies submitting an application must prove that they have in the 5 years preceding their application completed two eligible previous works.

Companies established in the other countries (countries with low audiovisual production capacity²) must prove that they have in the 5 years preceding their application completed one eligible previous work.

² The following are considered as countries with low production capacity: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Greece, Hungary, Iceland, Éire/Ireland, Liechtenstein,

In both cases, the companies must prove:

- that they were the sole production company;
- or that they were, in the case of a co-production with another production company, the major co-producer in the financing plan or the delegate producer;
- or that their Chief Executive or one of their shareholders has a personal credit on the work as producer or delegate producer.

By way of derogation a previous work produced by a company other than the applicant company may be accepted, if the applicant company can show that its Chief Executive, one of its shareholders (individual person) or one of the producers it employs (this producer must have been a fulltime employee of the applicant company for at least twelve months on the date of the application), has a personal credit in the role of producer, delegate producer or executive producer.

Only official credits as producer, delegate producer or executive producer that appear in the onscreen credits are accepted as proof of personal credits. Declarations of third parties will not be taken into account.

If the previous work is a series, the applicant company must provide the requirements listed above for the entire series.

The previous work must be in one of the following eligible categories (see 5.3):

- an animation of at least 24 minutes (the total length of the series in the case of a series);
- a creative documentary of at least 25 minutes (length per episode in the case of a series);
- a drama of at least 50 minutes (the total length of the series in the case of a series).

The previous work must be completed. A production (one-off project or series) is regarded as completed on:

- the date of official delivery by the laboratory of the answer print (for cinema films)
- the date of official delivery of the master copy to the broadcaster (for works intended for television)

In respect to series, the entire series must be completed by the date of submission.

The company making an application must prove, in addition, that the previous work(s) has (have) been distributed internationally in the 5 years preceding the application.

Distribution is understood to be all forms of commercial release of the work to the public: cinema, television, DVD and on-line distribution. The following are not considered to be commercial releases: free on-line access and screenings at festival, cinema museums, cultural associations and other comparable structures.

The date taken into account in verifying that distribution has taken place during the reference period is the date on which the distribution contract was signed or the date the distribution took place (date of cinema release, broadcast date etc).

Latvia, Lithuania, Luxemburg, Malta, Norway, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Sweden and Switzerland.

Applications sent without a duly signed distribution agreement or duly documented proof that the distribution took place within the reference period will be directly eliminated from the selection procedure.

- f) they are subject to an administrative penalty referred to in Article 96(1) of the Financial Regulation (Council Regulation 1605/2002 of 25/06/02, as amended).

Applicants will not be granted financial assistance if, on the date of the grant award procedure, they:

and they are subject to the penalty consisting of the exclusion from contracts and grants financed by the budget for a maximum period of ten years.

To comply with these provisions, applicants must sign a declaration on their honour certifying that they are not in any of the situations referred to in Articles 93 and 94 of the Financial Regulation.

7. SELECTION CRITERIA

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out or the year for which the grant is awarded and to participate in its funding. They must have the professional competencies and qualifications required to complete the proposed action.

Applicants must submit a declaration on their honour, completed and signed, attesting to their status as a legal entity and to their financial and operational capacity to complete the proposed activities.

- a list of productions already produced by the applicant Company and/or the producer of the referral work (see 5.1.2.)
- the documents relating to the ownership of rights.

No later than on the date of submission, the applicant company must show that it holds the majority of the rights relating to each project for which support is being sought. It is required to provide a contract covering the rights to the artistic material included in the application. This must include at least: concept, subject, treatment, script or bible. This contract must be duly signed and dated by the author(s).

The following types of contracts will be accepted:

- an option agreement concerning the transfer of rights between the author and the applicant company, of an adequate duration to cover the whole development schedule and clearly setting out the conditions for exercising the option; or

The option agreement or transfer of rights contract can be replaced by:

- a unilateral declaration of the transfer of rights to the applicant company where the author is the producer, a shareholder or an employee of the company;
- a co-production or co-development agreement duly dated and signed by the parties and clearly showing that the applicant company holds the majority of the rights at the date of the application.

7.2 Financial capacity

In order to permit an assessment of their financial capacity, applicants must submit:

- The profit and loss accounts of the applicant together with the balance sheet for the 2 financial years for which the accounts have been closed for profit companies and of the last year for non profit companies.

Please note that the data to be provided are different depending on whether the applicant is a profit or a non profit company. The Agency applies these criteria taking into account the legislative framework of the different countries participating in the Programme.

If, on the basis of the documents submitted, the Agency considers that financial capacity has not been proved or is not satisfactory, it may:

- reject the application
- ask for further information
- require a guarantee (see 9.3)
- offer a Grant Decision/Agreement without pre-financing or make a first payment on the basis of expenses already incurred.

8. AWARD CRITERIA

Eligible applications conforming to the selection requirements will be assessed on the basis of the following criteria:

8.1. Criteria for automatic points

Criteria	Number of points
An applicant company established in a country with low production capacity (see list 5.1.2)	2
A company which benefited from development support under MEDIA PLUS or MEDIA 2007 for a project that has been produced	1 (No matter how many projects supported by MEDIA have been produced)

8.2. Evaluation Criteria considered by the independent experts

Applications will be evaluated in terms of the award criteria with the help of independent experts. On the basis of the independent experts' opinions, a list of actions, ranked according to merit, will be established. Grants are allocated to the best projects within the limits of the available budget.

The Agency selects experts on the basis of their independence, professional experience and quality. Their evaluations may not be communicated to applicants, for reasons of confidentiality and impartiality.

Points will be allocated out of a total of 100 on the basis of the following weightings:

Criteria relating to the applicant company		Criteria relating to the submitted projects	
Criteria	Weighting	Criteria	Weighting
Capacity of the company to develop and produce at a European level	15	Quality of the projects	10
Quality of the development strategy and consistency of the development budget	15	Potential of the creative team	10
Quality of the financing strategy	15	Potential for production and the feasibility of the projects	10
Quality of the distribution strategy	15	Potential for European and international distribution	10
Total	60 points	Total	40 points

Total score is achieved by adding the automatic points and the award criteria points allocated by the independent experts

9. FINANCIAL CONDITIONS

European Union grants are incentives to carry out actions which would not be feasible without the MEDIA Programme financial support, and are based on the principle of co-financing.

They complement the applicant's own financial contribution and/or national, regional or private assistance that has been obtained elsewhere.

Acceptance of an application by the Agency does not constitute an undertaking to award a financial contribution equal to the amount requested by the beneficiary. The awarding of a grant does not establish an entitlement for subsequent years.

Grant applications must include a detailed estimated budget in which all prices are given in euro. Applicants from countries outside the euro zone must use the monthly accounting rate applicable at the beginning of the month of the application and available from the MEDIA Desks and Antennae and from the website of the Commission at: <http://ec.europa.eu/budget/inforeuro>.

The budget for the action attached to the application must have revenue and expenditure in balance and show clearly the costs which are eligible for financing from the Union budget.

The allocated amount may not exceed the amount requested.

The applicant must indicate the sources and amounts any other funding received or applied for in the same financial year for the same action.

The beneficiary shall supply evidence of the co-financing provided, either by way of own resources, or in the form of financial transfers from third parties. The applicants shall provide an explicit

undertaking from each co-financing organisation to provide the amount of funding stated in the grant application for the operation.

The Agency grant may not have the purpose or effect of producing a profit for the beneficiary. Profit is defined as a surplus of receipts over costs. The amount of the grant will be reduced by the amount of any surplus.

9.1 Contractual provisions and Payment procedures

In the event of definitive approval by the Agency, a Grant Decision or a Grant Agreement, drawn up in euro and detailing the conditions and level of funding will be sent to the beneficiary.

- In case of beneficiaries established outside the European Union: the 2 copies of the original Grant Agreement must be signed by the beneficiary and returned to the Agency immediately. The Agency will sign it last.
- In case of beneficiaries established within the European Union Member States: the Grant Decision must not be returned to the Agency. The general conditions applicable to the decision (General Conditions 2.1.1.3) are available in the 'Documents register' of the Agency website (Calls for proposals II.a)
http://eacea.ec.europa.eu/about/documents/calls_gen_conditions/2a_action_nocontribution_en.pdf.

As regards Grant Decisions, beneficiaries understand that:

Submission of a grant application implies acceptance of these General Conditions. These General Conditions bind the beneficiary to whom the grant is awarded and shall constitute an annex to the Grant Decision.

The account or sub-account indicated by the beneficiary must make it possible to identify the funds transferred by the Agency. If the funds paid into this account give rise to interest or equivalent profits in accordance with the legislation of the country where the account is held, such profit or interest will be recovered by the Agency where it results from the pre-financing payment if this payment exceeds EUR 50,000.

A **pre-financing payment** of 70% will be transferred to the beneficiary within 45 days of:

- the date of reception of the payment request (for Grant Decisions),
- the date when the last of the two parties signs the agreement (for Grant Agreements)

The Agency will establish the amount of the **final payment** to be made to the beneficiary on the basis of the final report. If the eligible costs actually incurred by the applicant during the action are lower than anticipated, the Agency will apply its rate of funding to the actual costs, and the beneficiary will, where applicable, be required to repay any excess amounts already transferred by the Agency under the pre-financing payment.

If the beneficiary is unable to pass the Financial Capacity test the following options are available:

1. Provide a bank guarantee for the amount of the pre-financing payment.
2. Request an Grant Decision/Agreement without pre-financing.
3. Request an interim payment corresponding to 50% of the value of the amount awarded, after at least 50% of the estimated development budget has been spent. This payment will take place after reception and approval by the Agency of an Interim Financial Report certified by an external approved auditor.

9.2 Certificate on the financial statements and underlying accounts

A certificate on the financial statements and underlying accounts, produced by an approved auditor, may be demanded by the authorising officer responsible in support of any payment on the basis of his assessment of risks.

The certificate shall be attached to the request for interim and/or final payment. The certificate shall certify, in accordance with a methodology approved by the contracting authority, that the costs declared by the beneficiary in the financial statements on which the request for payment is based are real, accurately recorded and eligible in accordance with the Grant Decision/Agreement.

9.3 Guarantee

The Agency may require any applicant which has been awarded a grant to provide a guarantee first, in order to limit the financial risks linked to the pre-financing payment.

The purpose of this guarantee is to make a bank or a financial institution stand as irrevocable collateral security for, or first-call guarantor of, the grant beneficiary's obligations.

This financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the decision/grant agreement.

9.4 Double financing

Subsidised actions may not benefit from any other European Union funding for the same activity.

9.5 Eligible costs

Eligible costs of the action are costs actually incurred by the beneficiary, which meet the following criteria:

- they are incurred during the duration of the action as specified in the Grant Decision/Agreement, with the exception of costs relating to final reports and certificates on the action's financial statements and underlying accounts;
- they are connected with the subject of the Grant Decision/Agreement and they are indicated in the estimated overall budget of the action;
- they are necessary for the implementation of the action which is the subject of the grant;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;

- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenue declared in respect of the action with the corresponding accounting statements and supporting documents.

Eligible direct costs:

The eligible direct costs for the action are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the action and which can therefore be booked to it directly. In particular, the following direct costs are eligible, provided that they satisfy the criteria set out in the previous paragraph:

- acquisition of author rights;
- research;
- archive research;
- scriptwriting, including treatments, up to and including the final draft;
- storyboards;
- research and identification of key cast and crew;
- preparation of the provisional production budget;
- preparation of a financing plan;
- search for and identification of industry partners, co-producers and financiers;
- preparation of the production schedule up to delivery;
- initial marketing and sales plans (target markets and buyers, foreseen releases, presentation at festivals and markets, etc.);
- production of a video treatment or of a pilot.

Eligible indirect costs (administrative costs)

A flat-rate amount, not exceeding 7% of the eligible direct costs of the action, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the action.

Indirect costs may not include costs entered under another budget heading. Indirect costs are not eligible where the beneficiary already receives an operating grant.

9.6 Ineligible costs

The following costs shall not be considered eligible:

- return on capital;
- debt and debt service charges;
- provisions for losses or potential future liabilities;
- interest owed;
- doubtful debts;
- exchange losses;
- VAT, unless the beneficiary can show that it is unable to recover it according to the applicable national legislation;
- costs declared by the beneficiary and covered by another action or work programme receiving a European Union grant;
- excessive or reckless expenditure;
- the participation fee for training activities supported by MEDIA;
- production costs.

Contributions in kind (such as professional credits/industry credits in kind and deferred salaries) shall not constitute eligible costs.

9.7 Sources of income

All financial contributions must be substantiated by clear statements duly dated and signed, specifying the amounts and the fact that they will be provided in cash.

The Financing Plan should show:

- The direct monetary contribution from the applicant (own resources);
- The financial contribution from other fund providers (public and/or private);
- The contribution applied for to the MEDIA Programme.

10. SUB-CONTRACTING AND AWARD OF PROCUREMENT CONTRACT

Where implementation of the action requires sub-contracting or the awarding of a procurement contract, the beneficiary and, where applicable, its partners must obtain competitive tenders from potential contractors and award the contract to the bid offering best value for money, observing the principles of transparency and equal treatment of potential contractors and taking care to avoid conflicts of interests.

11. PUBLICITY

All grants awarded in the course of a financial year must be published on the Internet site of the European Union institutions during the first half of the year following the closure of the budget year in respect of which they were awarded. The information may also be published using any other appropriate medium, including the Official Journal of the European Union.

With the agreement of the beneficiary, taking account of whether information is of such a nature as to jeopardise its security or prejudice its financial interests, the Agency will publish the following information:

- name and address of the beneficiary,
- subject of the grant,
- amount awarded and rate of funding.

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used.

Furthermore, beneficiaries are required to give prominence to the name and logo of the European Commission on all their publications, posters, programmes and other products realised under the co-financed action and to mention "*With the support of the MEDIA Programme of the European Union*". If this requirement is not fully complied with, the beneficiary's grant may be reduced.

On request, you may be sent personal data and correct or complete them. For any question relating to these data, please contact the Agency. Beneficiaries may lodge a complaint against the processing of their personal data with the European Data Protection Supervisor at any time.
