1. INTRODUCTION

1.1. Legal basis

The current Call for Proposals and attached Guidelines (hereafter: "Call for Proposals") are based on Decision No 1718/2006/EC of the European Parliament and of the Council of 15 November 2006 concerning the implementation of a programme of support for the European audiovisual sector (MEDIA 2007).¹

The total budget for the MEDIA Programme 2007-2013 amounts to EUR 754.95 million.

The European Commission is responsible for the implementation of the MEDIA Programme and for the decision to grant individual European Community funds. The Education, Audiovisual and Culture Executive Agency hereafter "the Agency" manages the MEDIA Programme on behalf and under the control of the European Commission.

The MEDIA Programme Unit of the Education, Audiovisual and Culture Executive Agency is responsible for the implementation of this Call for Proposals.

This Call is aimed at European applicants whose activities contribute to the achievement of the objectives of the MEDIA Programme as described in the European Parliament and Council Decision No 1718/2006/EC.

These Guidelines explain how to submit a proposal with a view to obtaining a community financial contribution.

The implementation of this Call for Proposals is subject to the adoption of the European Union budget for the year 2009 by the budget authority.

2. OBJECTIVES & PRIORITIES

2.1. Global objectives of the MEDIA programme

The global objectives of the MEDIA 2007 programme are to:

- Preserve and enhance European cultural and linguistic diversity and its cinematographic and audiovisual heritage, guarantee its accessibility to the public and promote intercultural dialogue;
- Increase the circulation and viewership of European audiovisual works inside and outside the European Union, including through greater cooperation between players;
- Strengthen the competitiveness of the European audiovisual sector in the framework of an open and competitive European market favourable to employment, including by promoting links between audiovisual professionals.

¹ published in the Official Journal of the European Communities on the 24th of November 2006 (OJ L327, pp 12-29).

2.2. Specific objectives of the Development support

The current Call for Proposals has the specific objective of promoting, by providing financial support, the development of production projects intended for European and international markets presented by independent European production companies in the following categories: drama, creative documentary and animation.

2.3. Priorities of this Call for Proposals

Three types of support for development are available within the framework of this Call for Proposals: support for Single Projects, Slate Funding and Slate Funding 2nd Stage.

These guidelines concern Slate Funding 2nd Stage. They are limited to companies who have already been selected for Slate Funding or Slate Funding 2nd Stage and meet the conditions laid down in point 5.1.3.

3. TIMETABLE

The Call for Proposals 24/08 is open from 02/09/08 (date of its publication in the Official Journal n° C225) until 17/04/2009. It has two deadlines (the postmark will be taken as proof of timely sending).

To be included in the 1st deadline, the application for support must be sent to the Agency between the date of the publication of the Call for Proposals and 17/11/08. The intention is to inform applicants of the outcome of the selection procedure of this 1st deadline no later than the month of April 2009.

To be included in the 2nd deadline, the application for support must be sent to the Agency between 18/11/08 and 17/04/09, the date of closure of the Call for Proposals. The intention is to inform applicants of the outcome of the selection procedure of this 2nd deadline no later than the month of September 2009.

The Agency cannot under any circumstances be held responsible for the shortcomings of courier services, and it is up to the applicant alone to ensure that the proposal is sent off in good time. In the event that there are any charges in the delivery of an application (postal, fiscal or other) the Agency cannot be held liable for them and will refuse to accept such packages.

Please read carefully section 13.3. concerning the procedures for submitting applications.

A production company can only submit one application for development support (Single Project, Slate Funding or Slate Funding 2nd Stage) for the 2009 budget year.

The submitted projects must not have entered into production before the date of signature, by the last party, of the agreement between the beneficiary and the Agency. The estimated date of signature of the agreements is June 2009 for applications submitted under the 1st deadline and November 2009 for those applications submitted under the 2nd deadline.

The period of eligibility of costs will start from the date of the submission of the application and ends no later than 30/06/2011 for requests for support submitted within the 1st deadline and no later than 30/11/2011 for those requests submitted within the 2nd deadline. If a project enters into production before the aforementioned dates, the period of eligibility of costs ends for this project on the date it enters into production.

However, the acquisition of author rights is eligible retroactively for a period of 12 months preceding the date of submission of the application.

The maximum duration of the action is until 30/06/2011 for the applicants included in the 1st deadline of 17/11/08 and until 30/11/2011 for the applicants included in the 2nd deadline of 17/04/09. However, if after the signing of the agreement and the start of the action it becomes impossible for the beneficiary, for fully justified reasons beyond their control, to complete the action within the scheduled period, an extension to the eligibility period may be granted. A maximum extension of 6 additional months may be granted, if requested before the deadline specified in the agreement.

With the exception of the acquisition of rights, all costs incurred before the date of the submission of the application will not be considered as eligible.

4. AVAILABLE BUDGET

The total budget earmarked for the co-financing of actions under this Call for Proposals is estimated at EUR 17m, subject to the adoption of the European Union budget for the year 2009 by the budget authority.

Of this EUR 17m, the budget allocated to co-financing Single Projects and Slate Funding is estimated to be EUR 13m (EUR 6,5m for the 1st deadline and EUR 6,5m for the 2nd).

The budget allocated to co-financing Slate Funding 2nd Stage is estimated to be EUR 4m.

Financial contribution from the Commission cannot exceed 50 % of the total eligible costs.

The selection of an action does not signify agreement to the level of financial support requested. The final amount to be awarded will be determined within the available budgetary resources and in consideration of the nature and costs of the action.

The recipient company must guarantee the remaining financing.

Each grant will amount between EUR 70,000 and EUR 190,000.

The Community grant will be detailed in the agreement between the Agency and the beneficiary company both as a percentage of the development budget and as a total amount.

The Agency reserves the right not to distribute all the funds available.

5. ELIGIBILITY CRITERIA

Only applications which comply with the following criteria will be the subject of an in-depth evaluation.

The Agency reserves the right not to process proposals which lack the required documentation or information (documents listed in the application form) at the deadline.

5.1 Eligible applicants

5.1.1. Independent European companies having as their main activity audiovisual production and which have been legally constituted for at least 36 months

An independent production company is an audiovisual production company which does not have majority control by a television broadcaster, either in shareholding or commercial terms. Majority control is considered to occur when more than 25% of the share capital of a production company is held by a single broadcaster (50% when several broadcasters are involved) or when, over a three-year period, more than 90% of a production company's revenue is generated in co-operation with a single broadcaster.

The following are not eligible:

These documents must mention the name of the applicant (full legal title), the registration number, the official registered address of the applicant, the date and place of registration.

- A copy of the **VAT registration**, including the VAT number. If the applicant does not have a VAT number, "Not applicable" shall be written down in the appropriate place on the application form C.
- A copy of the **applicant's registration certificate** from the relevant authority, (e.g Companies register, Official Journal, etc).

If the name of the legal representative of the applicant is not stated in the official registration document, a copy of his/her nomination is also required (for instance: signed minutes of the Board).

Where the person authorised to sign any agreement with the Agency is not an individual specified in the documents mentioned in the previous paragraph, a letter or proxy (signed by one of the aforementioned individuals) giving them the authority to sign agreements with the Agency on the applicant's behalf must be provided.

5.1.3. Companies already selected for Slate Funding or Slate Funding 2nd stage

Only documentaries of no less than 25 minutes (duration per episode in case of series) are eligible.

5.3.1.3. Animation projects intended for commercial exploitation

Only animation projects (whether a one-off or a series) of no less than 24 minutes are eligible.

Applicants will not be granted financial assistance if, on the date of the grant award procedure, they:

In accordance with Articles from 93 to 96 of the Financial Regulation, administrative and financial penalties may be imposed on applicants who are guilty of misrepresentation or are found to have seriously failed to meet their contractual obligations under a previous contract award procedure.

To comply with these provisions, applicants must sign a declaration on their honour certifying that they are not in any of the situations referred to in Articles 93 and 94 of the Financial Regulation.

7. SELECTION CRITERIA

The selection criteria shall be such as to make it possible to assess the applicant's ability to complete the proposed action.

Applicants must have stable and sufficient sources of funding to maintain their activity throughout the period during which the action is being carried out or the year for which the grant is awarded and to participate in its funding. They must have the professional competencies and qualifications required to complete the proposed action.

- the Financial Capacity form (see Application Form D-II) carefully and fully completed must be signed by the legal representative of the company. The information (in figures) should be given in national currency and must be based on the certified accounts. The applicant guarantees that these figures are correct and verifiable. This information is required to evaluate the financial strength and co-financing capacity of the applicant.

Please note that the data to be provided are different depending on whether the applicant is a profit or a non profit company. The Agency applies these criteria taking into account the legislative framework of the different countries participating in the Programme.

If, on the basis of the documents submitted, the Agency considers that financial capacity has not been proved or is not satisfactory, it may:

- reject the application
- ask for further information
- require a guarantee (see 9.3)
- offer a grant agreement without prefinancing

8. AWARD CRITERIA

Eligible applications conforming to the selection requirements will be assessed on the basis of the following criteria:

8.1. Criteria for automatic points

8.2. Evaluation Criteria considered by the independent experts

Applications will be evaluated in terms of the award criteria with the help of independent experts. On the basis of the independent experts' opinions, a list of actions, ranked according to merit, will be established. Grants are allocated to the best projects within the limits of the available budget.

The Agency selects experts on the basis of their independence, professional experience and quality. Their identity may not be communicated to applicants, for reasons of confidentiality and impartiality.

9. FINANCIAL CONDITIONS

Community grants are incentives to carry out actions which would not be feasible without the MEDIA Programme financial support, and are based on the principle of co-financing. They complement the applicant's own financial contribution and/or national, regional or private assistance that has been obtained elsewhere.

Acceptance of an application by the Agency does not constitute an undertaking to award a financial contribution equal to the amount requested by the beneficiary. The awarding of a grant does not establish an entitlement for subsequent years.

Grant applications must include a detailed estimated budget in which all prices are given in euro. Applicants from countries outside the euro zone must use the conversion rates published at the date of the application and available from the MEDIA Desks and Antennae and from the website of the Commission at: <http://ec.europa.eu/budget/inforeuro>.

The budget for the action attached to the application must have revenue and expenditure in balance and show clearly the costs which are eligible for financing from the Community budget.

The allocated amount may not exceed the amount requested.

The applicant must indicate the sources and amounts of any other funding received or applied for in the same financial year for the same action.

The beneficiary shall supply evidence of the co-financing provided, either by way of own resources, or in the form of financial transfers from third parties. The applicants shall provide an explicit undertaking from each co-financing organisation to provide the amount of funding stated in the grant application for the operation.

The Community grant may not have the purpose or effect of producing a profit for the beneficiary. Profit is defined as a surplus of receipts over costs. The amount of the grant will be reduced by the amount of any surplus.

9.1 Payment procedures

In the event of definitive approval by the Agency, a financial agreement, drawn up in euro and detailing the conditions and level of funding, will be entered into between the Agency and the beneficiary. This original agreement must be signed and returned to the Agency immediately. The Agency will sign it last.

The account or sub-account indicated by the beneficiary must make it possible to identify the funds transferred by the Agency. If the funds paid into this account give rise to interest or equivalent profits in accordance with the legislation of the country where the account is held, such profit or interest will be recovered by the Agency where it results from the prefinancing payment if this payment exceeds EUR 50,000.

- A **pre-financing payment** of 70% will be transferred to the beneficiary within 45 days of the date when the last of the two parties signs the agreement and all the possible guarantees are received. Pre-financing is intended to provide the beneficiary with a float.
- The Agency will establish the amount of the **final payment** to be made to the beneficiary on the basis of the final report. If the eligible costs actually incurred by the applicant during the action are lower than anticipated, the Agency will apply its rate of funding to the actual costs, and the beneficiary will, where applicable, be required to repay any excess amounts already transferred by the Agency under the pre-financing payment.

9.2 Certificate on the financial statements and underlying accounts

A certificate on the financial statements and underlying accounts, produced by an approved auditor, may be demanded by the authorising officer responsible in support of any payment on the basis of his assessment of risks.

The certificate shall be attached to the request for payment. The certificate shall certify, in accordance with a methodology approved by the contracting authority, that the costs declared by the beneficiary in the financial statements on which the request for payment is based are real, accurately recorded and eligible in accordance with the grant agreement.

9.3 Guarantee

The Agency may require any applicant which has been awarded a grant to provide a guarantee first, in order to limit the financial risks linked to the prefinancing payment.

The purpose of this guarantee is to make a bank or a financial institution stand as irrevocable collateral security for, or first-call guarantor of, the grant beneficiary's obligations.

This financial guarantee, in euro, shall be provided by an approved bank or financial institution established in one of the Member State of the European Union. When the beneficiary is established in a third country, the authorising officer responsible may agree that a bank or financial institution

established in that third country may provide the guarantee if he considers that the bank or financial institution offers equivalent security and characteristics as those offered by a bank or financial institution established in a Member State.

The guarantee shall be released as the pre-financing is gradually cleared against interim payments or payments of balances to the beneficiary, in accordance with the conditions laid down in the grant agreement.

9.4 Double financing

Subsidised actions may not benefit from any other Community funding for the same activity.

To ensure this, the applicant must indicate in the application form of any other grant requests which the applicant has submitted or intends to submit to the European Institutions during the same year, stating in each case the budget heading, the Community programme and the amount requested.

9.5 Eligible costs

Eligible costs of the action are costs actually incurred by the beneficiary, which meet the following criteria:

- they are incurred during the duration of the action as specified in the grant agreement, with the exception of costs relating to final reports and certificates on the action's financial statements and underlying accounts;
- they are connected with the subject of the agreement and they are indicated in the estimated overall budget of the action;
- they are necessary for the implementation of the action which is the subject of the grant;
- they are identifiable and verifiable, in particular being recorded in the accounting records of the beneficiary and determined according to the applicable accounting standards of the country where the beneficiary is established and according to the usual cost-accounting practices of the beneficiary;
- they comply with the requirements of applicable tax and social legislation;
- they are reasonable, justified, and comply with the requirements of sound financial management, in particular regarding economy and efficiency.

The beneficiary's internal accounting and auditing procedures must permit direct reconciliation of the costs and revenue declared in respect of the action with the corresponding accounting statements and supporting documents.

Eligible direct costs:

The eligible direct costs for the action are those costs which, with due regard for the conditions of eligibility set out above, are identifiable as specific costs directly linked to the performance of the action and which can therefore be booked to it directly. In particular, the following direct costs are eligible, provided that they satisfy the criteria set out in the previous paragraph :

- acquisition of author rights;
- research;
- archive research;
- scriptwriting, including treatments, up to and including the final draft;

- storyboards;
- research and identification of key cast and crew;
- preparation of the provisional production budget;
- preparation of a financing plan;
- search for and identification of industry partners, co-producers and financiers;
- preparation of the production schedule up to delivery;
- initial marketing and sales plans (target markets and buyers, foreseen releases, presentation at festivals and markets, etc.);
- production of a video treatment or of a pilot.

Eligible indirect costs (administrative costs)

A flat-rate amount, not exceeding 7% of the eligible direct costs of the action, is eligible under indirect costs, representing the beneficiary's general administrative costs which can be regarded as chargeable to the action.

Indirect costs may not include costs entered under another budget heading. Indirect costs are not eligible where the beneficiary already receives an operating grant.

9.6 Ineligible costs

The following costs shall not be considered eligible:

- return on capital;
- debt and debt service charges;
- provisions for losses or potential future liabilities;
- interest owed;
- doubtful debts;
- exchange losses;
- VAT, unless the beneficiary can show that it is unable to recover it according to the applicable national legislation;
- costs declared by the beneficiary and covered by another action or work programme receiving a Community grant;
- excessive or reckless expenditure;
- the participation fee for training activities supported by MEDIA;
- production costs.

Contributions in kind (such as professional credits/industry credits in kind and deferred salaries) shall not constitute eligible costs.

9.7 Sources of income

All financial contributions must be substantiated by clear statements duly dated and signed, specifying the amounts and the fact that they will be provided in cash.

The Financing Plan should show:

- The direct monetary contribution from the applicant (own resources);
- The financial contribution from other fund providers (public and/or private);
- The contribution applied for to the MEDIA Programme.

10. SUB-CONTRACTING AND AWARD OF PROCUREMENT CONTRACT

Where implementation of the action requires sub-contracting or the awarding of a procurement contract, the beneficiary and, where applicable, its partners must obtain competitive tenders from potential contractors and award the contract to the bid offering best value for money, observing the principles of transparency and equal treatment of potential contractors and taking care to avoid conflicts of interests.

11. PUBLICITY

All grants awarded in the course of a financial year must be published on the Internet site of the Community institutions during the first half of the year following the closure of the budget year in respect of which they were awarded. The information may also be published using any other appropriate medium, including the Official Journal of the European Union.

With the agreement of the beneficiary -taking account of whether information is of such a nature as to jeopardise its security or prejudice its financial interests-, the Agency will publish the following information:

- name and address of the beneficiary,
- subject of the grant,
- amount awarded and rate of funding.

Beneficiaries must clearly acknowledge the European Union's contribution in all publications or in conjunction with activities for which the grant is used.

Furthermore, beneficiaries are required to give prominence to the name and logo of the European Commission on all their publications, posters, programmes and other products realised under the co-financed action and to mention "*With the support of the MEDIA Programme of the European Union*".

12. DATA PROTECTION

All personal data (such as names, addresses, CVs, etc.) will be processed in accordance with Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data.

Your replies to the questions in the application form are necessary in order to assess your grant application and they will be processed solely for that purpose by the department responsible for the Community grant programme concerned. On request, you may be sent personal data and correct or complete them. For any question relating to these data, please contact the Agency. Beneficiaries may lodge a complaint against the processing of their personal data with the European Data Protection Supervisor at any time.

13. PROCEDURE FOR THE SUBMISSION OF PROPOSALS

The Call for Proposals is being published in the Official Journal of the European Union and on the Internet site of the EACEA Agency at the following address: www.ec.europa.eu/media

13.2 Application form

Grant applications must be drawn up in one of the official EU languages, using the form specifically designed for this purpose. Please note that only typed applications will be considered.

The official forms can be downloaded from the internet website mentioned in Section 13.1.

13.3 Submission of the grant application
