

## THE LEGEND OF FLYING CYPRIAN LEGENDA O LIETAJÚCOM CYPRIÁNOVI

SK-PL >> 2010 >> 35 MM >> COL. >> 108 MIN.

According to an old legend, there once lived a master of a thousand studies and a thousand arts, a doctor and healer, a monk living in a monastery hidden among hills. His name was Cyprian. He devised a flying machine and one day, he flew away to God. That legend is true.

Červený Kláštor [literally, The Red Monastery] is a place where time stands still, far from the reach of human civilization. At the beginning of 18<sup>th</sup> century, the local monks lived their routine lives without being aware of the changing world behind the walls of the monastery. One day, they found a man lying in front of their gate, barely alive. They gave him shelter and named him Cyprian. His past was full of stories of adventure, love, pain, and death. At the end of his life, the time came for him to look back.
